Grover Bohrer, Hunnewell.
Archie M. Davidson, Kansas City.
Richard Erdie, Glasgow.
Arthur Erwin, Wayne.
William Jones, Chillicothe.
Bryan J. Clover, St. Louis.

SLEEP TO AVOID INFLUENZA

Medical Men at Chicago Urge Rest and Moderation.

Medical men who met in Chicago last week recommended these rules for avoiding influenza:

Get plenty of sleep—nine hours every night if possible.
Live normally, meaning for each person to live his normal life; to do nothing that would have a tendency to change his physical resistance.
Eat moderately—enough, but not more than is necessary.
Stay at home at night.
Avoid crowds as much as possible, in or out of doors.
Avoid worry—it reduces physical resistance.
Don't fear the disease—that has the same effect as worry.
Keep the hands away from the face and mouth.
Eat from dishes that have been steamed or washed in boiling water.
Avoid raw milk.
Avoid the use of medicines that contain opiates.
Keep the intestinal tract open.
Take every precaution to prevent a cold.

SPORT

The annual Valley track and field meet will be held at Ames, Ia., under the auspices of the Iowa Aggies May 31, the Valley tennis tournament coming on the same date at the same school, it was decided at the meeting of the Missouri Valley Conference in Kansas City Friday.

Dean S. W. Boyer of the I. S. A. C., was named as the official representative of the Valley conference to the annual meeting of the National Intercollegiate Athletic Association in New York December 28.

The faculty representatives were unanimously of the opinion that more attention should be given to the physical training of the entire student body.

This should not be taken to mean a lessening of intercollegiate competition but rather that steps should be taken to supplement intercollegiate which all students should play a part.

The matter of adopting a suitable design for all conference medals and trophies was discussed and the minor sports committee composed of M. F. Ahearn, Kansas Aggies, and R. H. Wolcott, Nebraska, will submit a design at the next meeting.

Bronze medals of the same style used in the Valley track meet last year will be given again this season as a matter of economy.

The following faculty men attended the meeting: C. C. Williams, Kansas, president; Dr. W. G. Manly, Missouri, secretary and treasurer; B. W. Morehouse, Drake; S. W. Beyer, Iowa State A. C.; H. H. King Kansas Aggies; R. H. Wolcott, Nebraska; W. E. McCourt, Washington.

The following coaches represented their schools: W. O. Hamilton, Kansas; Dr. E. J. Stewart, Nebraska;

Clyde Williams, Ames; Z. G. Clevenger, Kansas Aggies; R. B. Rutherford, Washington; John Miller, Missouri.

Mrs. O. M. Stewart Better.
Mrs. O. M. Stewart, who has been confined to her home, 211 Hicks avenue, with a sprained ankle, is much better now.

There Will Be No Quick Relief in the Paper Situation.

It will be months, perhaps years, after peace is declared before conditions in the paper-making industry are normal again. Prices will not be lower. Certain grades of paper will not be obtainable, and the supply in other grades will be limited.

Some paper mills have been able to maintain the quality of their product. They have found it difficult, however, to supply old customers, and have accepted few new ones. The problem of buying paper in the last few months has been more difficult than the problem of printing it well.

We offer you a full well chosen line of excellent papers. They were bought months ago, in sufficient quantity to last some time. You may be sure that in duplicating any work that we have done for you in the past few years we can give you the same quality paper that we gave you before. Some of the lines have been improved. We cannot match colors closely—nobody can. We can, however, maintain quality.
